System, samband och valmöjligheter

Systemet skapar ordning och överblick. Men kraven på ordning är individuella. Därför skall lösningar på förvaring ha både systematik och valmöjligheter. Alla raacoprodukter har båda delarna.

Flexibiliteten och valmöjligheterna finns inte bara för en enkel produktgrupp, utan är överförbart till fler produktgrupper. Det är ett stort antal kombinationsmöjligheter inom PSC sortimentboxar i A4, A5 och A6 storlek. Pocketbox, CarryLite-serien, Compact och 250-3 lådor till förvaringsskåpen.

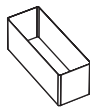

Med hjälp av det breda utbudet av insatser kan du inreda din raacoprodukt efter behov – och flytta inredningen på ett enkelt sätt. Insatser och innehåll hålls på plats tack vare det speciella monteringsystemet. Dessutom gör de lösa insatserna det enkelt att få tag på de minsta delarna.
