DECLARATION OF COMPLIANCE

WITH THE EUROPEAN MODEL
ENVIRONMENTAL PRODUCT DECLARATION

Selena is a member of FEICA, the Association of the European Adhesive & Sealant Industry, which has developed European Model EPDs, verified by the independent institute IBU (Institut Bauen und Umwelt); Germany's EPD program holder organization.

The European Model EPDs have been published on the FEICA website, and also on the websites of the IBU and can be downloaded there. As a member of FEICA, and with the help of an internal FEICA members' guidance paper, Selena is entitled to determine the compatibility of its products with the European Model EPD.

By means of this declaration, we confirm that below-mentioned products are covered by the European Model EPD for the below EPD, according to the guidance developed for this purpose.

The LCA data and the other content of the attached Model EPD apply to the above-mentioned product and can be used for the assessment of buildings.
