

Conformity Declaration

Noipack Oy hereby declare that the following products:

PRODUCTS IN PAPER			
Code	Product	X - Material 1	X - Material 2
D0531	Flat bottom Bag with Window	Brown Kraft paper 35-40	Glassine paper 30-35

X – Material in contact with foodstuff

They are suitable to be in contact with foodstuff, according to the following legislation:

- DM 21-3-1973 S.O. GU N°104 dated 20-04-73 and following revisions
- DPR 777 del 23/08/1982 e DLGS 108 dated 25/01/1992
- REG. (CE) No 1935/2004 GUCE L.338 dated 13/11/2004 and following revisions
- REG. (CE) No 2023/2006 dated 22/12/2006

To determinate the “Main food Category”, the Company choose the product or the group of products referring to the food category listed in the European Legislation DIR. 85/572/CEE, acknowledged by D.M. n. 220 del 26/04/1993 and following revisions. (Rif. DM 21/03/1973 and following revisions, Annex III, Table)

USE IN MAIN FOOD CATEGORY			
Reference number	Description of food	Use indication	
01	Beverages	Yes ☐	No ☒
01.01	Non-alcoholic beverages or alcoholic beverages of an alcoholic strength lower than 5 % vol.: Waters, ciders, fruit or vegetable juices of normal strength or concentrated, musts, fruit nectars, lemonades and mineral waters, syrups, bitters, infusions, coffee, tea, liquid chocolate, beers and other	Yes ☐	No ☒
01.02	Alcoholic beverages of an alcoholic strength equal to or exceeding 5% vol: Beverages shown under heading 01.01 but with an alcoholic strength equal to or exceeding 5 % vol. :	Yes ☐	No ☒
	Wines, spirits, liqueurs	Yes ☐	No ☒
01.03	Miscellaneous: undenaturated ethyl alcohol	Yes ☐	No ☒
02	Cereals, cereal products, pastry, biscuits, cakes and other bakers' wares	Yes ☒	No ☐
02.01	Starches	Yes ☒	No ☐

- ☒ The product, for the above mentioned typology, does not contain totally or partially recycled paper.
- ☐ The product, for the above mentioned typology, may contain totally or partially recycled paper.
- ☐ The product does not contain substances subjected to restrictions in the above legislations.
- ☒ The product contain substances subjected to restrictions in the above legislations.
- ☐ The product contain substances subjected to restrictions in the above legislations, exclusive in case of printing.

Following the list of the substances subjected to restriction, based on the actual Legislation, as reported by our qualified suppliers on their conformity declaration:

(10690 – CAS 000079-10-7)	Acrylic acid	SML(T) = 6 mg/Kg	-
(10120 – CAS 000108-05-4)	Vinyl acetate	SML = 12 mg/Kg	-
(10690 – CAS 000079-10-7)	Acrylic acid	SML (T) = 6 mg/Kg	
(10120 – CAS 000108-05-4)	Vinyl acetate	SML = 12 mg/Kg	
(68320 – CAS 0002082-79-3)	Octadecil-3-(3-5-ditert-butyl- 4hydroxyphenil) propionate	SML = 6 mg/Kg	
(40000 – CAS 000991-84-4)	2,6-di-tert-butyl-4-(4,6-bis(octylthio)-1,3,5-triazine-2-ylamino) phenol	SML = 30 mg/Kg	

IN CASE OF PRINTING:

(12763 - 141-43-5) Etanol ammina	SML < 0,05 mg/kg	Max amount in the ink film (%) = 0.1-5.0
(94000 – 102-71-6) Trietanol ammina	SML < 0,05 mg/kg	Max amount in the ink film (%) = 0.1-1.0
(10690 - 79-10-7) Acido Acrilico	SML (T) 6 mg/kg	Max amount in the ink film (%) < 0.1
(79-10-7) Acido Acrilico	SML (T) < 6 mg/kg	
(79-41-4) Acido Metacrilico	SML < 6 mg/kg	
(141-43-5) 2 Amminoetanolo	SML < 0,5 mg/kg	
(2682-20-4) 2-Metil-4-Isotiazolin-3-One	SML < 0,5 mg/kg	
(104-76-7) 2-Etil-1-Esanolo	SML < 30 mg/kg	

Based on the conformity declaration issued by our qualified Supplier, the inks comply with the Swiss Ordinance SR 817.023.21; they are produced according to the GMP Guidelines (Good Manufacturing Practices) and they are manufactured with raw materials (pigments and / or dyes, resins, solvents and additives) selected and containing substances listed in the Positive Lists of Annex 1 and 6 of the SR 817.023.21 referred to the Article 26g and are formulated and manufactured according to EUpia guidelines.

The product respect the range of the global migration limits, together with other specific restrictions, in use conditions as reported below, as indicated in the laboratory analysis conducted and reported below, made according to the European Legislations: Regulation EC n. 1935/2004, Regulation EU n. 10/2011 and to D.M.21/03/1973 and following revisions, or made according to computations referred to substances apt to migration limits, and EU Regulation 2025/351 dated 21/02/2025 amending EU Regulation n. 10/2011.

The screenings have not detected the presence of potentially dangerous substances for human health, with a reduced risk of "non intentionally added substances (NIAS)" and mineral oil (MOSH, MOAH). The product therefore complies with the limits of Regulation (EU) 2024/2462 of 19 September 2024 regarding perfluorohexanoic acid (PFHxA), its salts and related substances.

The laboratory analysis are listed below:

TEI S.r.l. (LAB n. 1675 – ACCREDIA)	Test Report n°:	180camp23	del 31/03/2023
Conformity Declaration by Qualified Supplier and Its Laboratory Analysis			

IN CASE OF PRINTING:

TEI S.r.l. (LAB n. 1675 – ACCREDIA)	Test Report n°:	180camp23	del 31/03/2023

During the laboratory analysis the following test conditions have been applied:

Simulant Liquid A, B, D2: 10 days at 40°C - OM2
Simulant Liquid B: 2 hours at 70°C – OM3

The simulants and the test conditions have been chosen in respect of European Legislations: Regulation EC n. 1935/2004, Regulation EU n. 10/2011 and to D.M.21/03/1973 and following revisions, and Decree n°338 dated 22/07/1998.

The migration tests' calculations are made considering that 1 kg of food goes in contact with 6 dm² of packaging material.

The product contains substances regulated by European Legislation 89/107/CEE, 88/388/CEE, by Ministerial Decree dated 27/02/1996 - N°209 dated 27/11/1996, N°684 dated 23/07/2003, by European Regulation Nr. 1333/2008 and 1334/2008 s.m.i. (these substances are also called "dual use"):

-	-	-	-

IN CASE OF PRINTING

E173	Aluminium	E559	Kaolin
E558	Bentonite	E171	Titanium Dioxide
E170	Calcium Carbonate	E180	Pigment Red 57:1
E554	Sodium Aluminium Silicate	E914	Oxidised Polyethylene wax
E442	Glycerol	E500	Sodium Hydrogencarbonate
E527	Ammonia		

The user of the products intended to go in contact with foodstuff has the responsibility to communicate to the present writer Company any other restrictions based on the composition of the product destined to be packed (e.g. presence of additives and flavouring).

The use in the commercial or industrial applications of the products indicated in this declaration is subject to the verification of their conformity to the Law in force, as well as the technological suitability of the purpose which they are designed for.

Therefore, the product typology listed above are suitable to go in contact with foodstuff as resulted from the laboratory analysis or calculations. The specific certificates of each product are available upon request for a review by the Authority in charge, according to Quadro Regulation of European Community nr. 1935/2004/CE and following revisions.

This declaration is written in conformity with art. 16 of Quadro Regulation of European Community nr. 1935/2004/CE and following revisions, and according to Italian Legislation D.M. 21/03/1973, art. 7, and following revisions.

The Company declare that, in respect to Regulation of European Community n. 1907/2006, dated 18/12/2006 (c.d. REACH) and following revisions, in our production processes we don't intentionally use substances SVHC (Substances of Very High Concern) listed in ECHA (Dated 21/01/2025), as we know by Conformity Declarations by our Qualified Suppliers, and that in any case this kind of substances are below the limit of 0,1% in weight/weight.

The product made by our Qualified supplier, based on our Knowledge and Conformity Declarations by our Qualified Suppliers, does not intentionally use and does not add any chemicals listed below:

- Bisphenol A (BPA) n. CAS 80-05-07 and n. EINECS 201-245-8;
- Phthalates (DEHP) n. CAS 117-81-7 and n. EINECS 204-211-0;
- Perfluoroalkyl substances (PFASs), Perfluorooctane sulfonate (PFOS), Perfluorooctanoic acid (PFOA).
- Allergens, listed in Annex II of Regulation (EU) no. 1169/2011, also given the application of good manufacturing practices and company rules.

The product complies with EU Regulation 2024/3190 dated 19/12/2024 relating to the use of bisphenol A (BPA) and other bisphenols and bisphenol derivatives.

FOR THE ENVIRONMENT:

Regulation EU 2025/40 and Directive 94/62/CE

EU Regulation 2025/40 dated 19/12/2024 introduces a path that will be developed to establish new environmental requirements on packaging and packaging waste, establishing the repeal of Directive 94/62/EC upon expiry of 12/08/2026. About the European Directive 94/62/CE dated 20/12/1994, concerning “packaging and waste packaging”, Supplier declares that its product, based on their Knowledge and Experience, has been manufactured from production processes that consider the requirements of the Annex II by this European Directive.

Requirements for use Standards (UNI EN 13427)	-	A – B – C
Source reduction prevention (UNI EN 13428)	X	A - Presence
Maximum presence of heavy metals (UNI EN 13428)	X	
Maximum presence of dangerous substances or preparations (UNI EN 13428)	X	
Reusability (UNI EN 13429)	☐	B – When applicable
Recoverability for material recycling (UNI EN 13430)	X	C – At least one <i>of these requirements</i>
- The product is mainly composed by paper (>98%)		
Energy recovery (UNI EN 13431)	X	
Organic recovery for composting and biodegradation (UNI EN 13432)	X	
“- The product is mainly composed of compostable paper and the non-paper material is less than 1%”

About the French Decree No. 2012-232, on February 17, 2012, we declare that in our production processes, based on our Knowledge and Experience, we do not use Nanoparticulate Substances.

About the Statement issued by the FDA, Code of Federal Regulations (CFR), Title 21 "Food and drugs", Noipack declares that the product complies with the requirements provided if it is used in accordance to: the declared use, the instruction to use the product in a standard and foreseeable way of consumption, as mentioned below in this Conformity Declaration.

Noipack declares that production processes don't use the treatment with ionizing radiation on our product.

USE LIMITS:

The indication regarding the declared use and the instruction to use the product, in a standard and foreseeable way of consumption, are the following:

It is used to carry the compatible food products, as indicated in the beginning list of this declaration, from the shop to the end customer.

The bag, after having packed the food, can be employed in the following ways:

- In the fridge to maintain the freshness of the product.
- The bag is not designed for use: in the electric or fan oven, in the microwave oven, in the gas oven.
- After use in normal and foreseeable conditions of consumption, the bag cannot be reused in any way.

The printed side of the product is not designed for direct contact with foodstuff.

The use of the packaging in the conditions of consumption must take place with the greatest possible diligence, in particular as regards:

- Compliance with the instructions and the limits of use expressed;
- Respect for consumption information relating to food (when required – E.g. Food parameters, presence of allergens, instructions for use);
- Responsible use in order to always avoid any dangerous use of the product (E.g. Accidental ingestion, suffocation, use by children).

This declaration has a validity starting from the date written below. It will be previously replaced in case of changes in the production/formulation of the material, or if the law references will be revised and updated so that a new compliance checking is required.
