Test conditions

Migration tests on the material of the article performed by an independent institute showed that under the following test conditions overall migration (see 1.) and specific migration (see 2.) fall below the respective limits given by regulation 10/2011 and its amendments.

Overall migration (1)

According to the above-mentioned regulation EU Regulation 10/2011, the overall migration does not exceed 10 mg/dm² or 60 mg/kg.

3% Acetic acid	10 days at 40°C and 2 hours at 70°C
10 % Ethanol	10 days at 40°C and 2 hours at 70°C
95 % Ethanol	10 days at 40°C and 2 hours at 70 °C
Isooctane	2 days at 20°C and 1,5 hours at 60°C

Specific migration (2)

This article contains monomers or additives subject to restrictions under the plastic regulation 10/2011 and its amendments. A specific migration test proves that these are within the limits.

Noipack Oy declares that the article meets the requirements of:

- Article 3, 11(5), 15 and 17 of Regulation (EC) No 1935/2004 (Framework regulation)
- EU Regulation 2023/2006/EC (GMP)
- EU Regulation 10/2011/EC with amendments (Plastic regulation)

No dual use additives were added into this product

Area of use

Based on the migration tests and Declaration of Compliance in Noipack's possession, the articles can be used safely with all types of foodstuffs, serving cold and hot.

The articles can be used for storage over 24 hours (10 days up to 40°C), hotfill(**x**) and temperatures up to 2 hours at 70°C.

The articles cannot be used in the microwave.

(**x**) Definition from COMMISSION REGULATION (EU) 2016/1416: "hot-fill" means the filling of any article with a food with a temperature not exceeding 100 °C at the moment of filling, after which the food cools down to 50 °C or below within 60 minutes, or to 30 °C or below within 150 minutes.

No substances of dual use are present in the product.

Please be advised that Noipack Oy does not add anything into the product.

This document of compliance is based on:

- Documentation from suppliers
- Global migration test
- Specific migration
